

Serial No. 10/074,893
Amendment dated July 28, 2004
Reply to Office Action of April 28, 2004

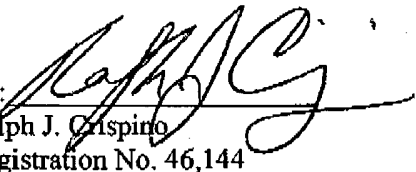

REMARKS

Applicant wishes to thank the Examiner for the attention accorded to the instant application. Claims 1-7 have been canceled. Claims 8-12 were previously presented and were subsequently allowed by the Examiner in the Office Action of April 28, 2004. New claims 15-19 have been presented to include the limitation of claim 4 (claim 15), and dependent claims originally presented. New Claims 13-14 and 20-21 have been added to further define the configuration of the separator. New Claim 22 has been presented for consideration by the Examiner.

Further, the objections to the specification have been overcome by the above amendments thereto.

Applicants reserve the right to prosecute the canceled subject matter in one or more continuation applications. It is believed that the foregoing amendments and remarks fully comply with the Office Action and that the claims herein should now be allowable to Applicants. Accordingly, reconsideration and allowance is requested. No new matter has been introduced by these amendments.

Respectfully submitted,
